

To be automatically informed of the advent of Olympe news: use **RSS feeds**

To enable the function, go to the home page of Olympe: <http://www.olympe-project.net/en/home> and click on the RSS button.

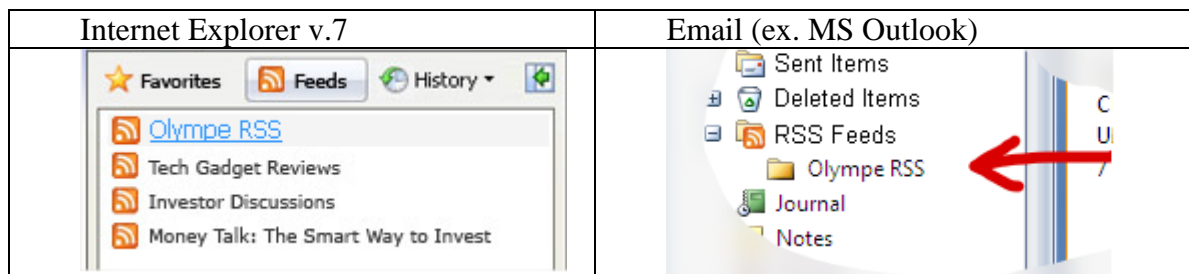

This will open a new page with a different heading, depending on your Internet browser.

1. Ms Internet Explorer

Click on « [Subscribe to this Feed](#) »; which will give you a dialog to add this RSS feed to a list that will be quickly accessible. And Validate.

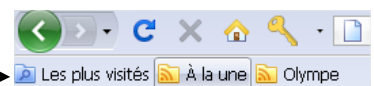

Now Olympe latest new will be loaded in Internet Explorer **and** your Email software.

2. Firefox

In Firefox, the feeds are directly accessible from the Bookmark bar.

Note: Subscribing via your favourite Email software is the friendliest option.
